VERIFIED STATEMENT OF LIEN

STATE OF TEXAS §
 §
COUNTY OF HARRIS §

CUDD PRESSURE CONTROL, INC., a Delaware corporation, (“Claimant”) files this statement in writing, verified by the oath of **William R. Sudela**, attorney and duly Authorized Agent of Claimant, who has personal knowledge of the facts herein set forth below:

That Claimant claims a lien (the “Lien”) upon the “Property” (herein defined), to the extent of the interest therein, legal and/or equitable, fee and/or leasehold, of the “Working Interest Owners” (herein defined), to the extent provided herein.

The Property includes:

the submerged land (the “Land”) off the coast of Mobile County, State of Alabama, and Baldwin County, State of Alabama, further described in the letter attached hereto as **Attachment “A”**, including Exhibits “A”, and “B” to **Attachment “A”**, including all improvements and appurtenances thereto;

all mineral leasehold estates with respect to minerals located in, on, or under the Land (the “Leasehold Estates”), further described in the letter attached hereto as **Attachment “A”**, including Exhibits “A” and “B” to **Attachment “A”**, including the leases (the “Leases”) associated with the “Wells” (herein defined), including all field wide units in which the Wells are located, and each production unit in which any one or more of the Wells is located, including all improvements and appurtenances to the Land, and/or the Wells, and including the right to the use of the surface of the Land, and the right to extract minerals located in, on, or under the Land;

all easements to and/or from the Land (the “Easements”), including, but not necessarily limited to, those easements described in, and/or referred to in the instruments listed in, the attached **Attachment “A”**, including Exhibit “B” to **Attachment “A”**, and/or described and/or referred to in the attached **Attachment “A”**, including Exhibit “A” to **Attachment “A”**;

all licenses and permits pertaining to the Land and/or the Wells, including, but not necessarily limited to, those permits and/or licenses described in,

and/or referred to in the instruments listed in, the attached **Attachment "A"**, including Exhibits "A" and "B" to **Attachment "A"**;

all wells (the "Wells", whether one or more) used in connection with operations conducted in, on, under, or about the Land, including the overall operation of the Wells, such Wells including, but not necessarily limited to: those wells identified in, and/or referred to in the instruments listed in, the attached **Attachment "A"**, including Exhibits "A" and "B" to said **Attachment "A"**;

all other property and/or property rights pertaining to the use and/or operation of the Land and/or the Wells, including, but not necessarily limited to, those properties and/or property rights described in, and/or referred to in the instruments listed in, the attached **Attachment "A"**, including Exhibits "A" and "B" to said **Attachment "A"**; and,

such additional property as provided by the laws of the State of Alabama, including, but not necessarily limited to, Alabama Code §35-11-210, et seq.

This Lien is claimed, separately, severally, and jointly, as to the Land, the Leasehold Estates, the Wells, the buildings and improvements in, on, under, or about the Land, the Leasehold Estates, and/or the Wells, and all rights and appurtenances pertaining to any or all of the foregoing.

That said Lien is claimed to secure an indebtedness of **One Million Two Hundred Three Thousand Nine Hundred Four and 50/100 Dollars (\$1,203,904.50)** with interest as may be allowed under the laws of the State of Alabama from the respective dates of the furnishing of the services, material and/or equipment (collectively, the "Work") giving rise to the Lien claimed herein, which Work and the dates of furnishing are further described in the attached **Attachment "A"**, including Exhibit "A" to said **Attachment "A"**.

The first of the Work was provided on **November 27, 2023**. The last of the Work was provided on **January 5, 2024**. (See, also, the attached **Attachment "A"**, including Exhibit "A" to said **Attachment "A"**.)

The Working Interest Owners, who are the owners or proprietors of said Property, and their respective addresses, are:

Aquasition LLC
5718 Westheimer Road,
Suite 700
Houston, Texas 77057

Aquasition LLC
c/o The Corporation Trust
Company, Registered Agent

1209 Orange St.
Wilmington, Delaware 19801

Aquasition LLC
c/o C T Corporation System
Registered Agent
2 North Jackson Street
Suite 605
Montgomery, Alabama 36104

Claimant furnished the Work to **W&T Offshore, Inc., a Texas corporation**, ("W&T"), who was the operator of the Wells. The addresses of W&T are: **5718 Westheimer Rd., Suite 700, Houston, Texas 77057**; and, **c/o CT Corporation System, Registered Agent, 1999 Bryan St., Suite 900, Dallas, Texas 75201-3136**. **Aquasition LLC, a Delaware limited liability company**, ("Aquasition") holds a working interest in the Property. To the extent W&T was the agent of Aquasition, Claimant furnished its Work on the Property, and asserts the Lien, as a direct contractor to Aquasition, and asserts the Lien both as to W&T's ownership and operating interest in and to the Property, and as to Aquasition's ownership interest in and to the Property.

Further, to the extent W&T was acting as the agent of any of the other Working Interest Owners in the Wells, Claimant furnished its work on the Property, and asserts the Lien, as a direct contractor to such Working Interest Owners and, to that extent, asserts the Lien against the interest in the Property held by such other Working Interest Owners, and against the operating interest of W&T.

Without waiving the foregoing, to the extent W&T was acting as a contractor to Aquasition or any other Working Interest Owner, and not as its agent, Claimant furnished its work on the Property, and asserts the Lien, as a subcontractor to W&T, against the interest in the Property held by Aquasition or, as applicable, by such other Working Interest Owner, and against the operating interest of W&T.

Ladies and Gentlemen:

Cudd Pressure Control, Inc., a Delaware corporation, ("Claimant") has furnished W&T Offshore, Inc. a Texas corporation, ("W&T"), the agent or contractor of Aquasition LLC, a Delaware limited liability company ("Aquasition"), with certain services, materials, and/or equipment (collectively, the "Work") in connection with the drilling, operating, or other development of the referenced well (the "Well") and the corresponding leasehold estate (together with the Well, the "Leasehold Estate"). The foregoing Work furnished by Claimant is described in the attached **Exhibit "A"**. The Leasehold Estate, including the Well, are described herein and in the attached **Exhibit "B"**.

Claimant has not been paid the full amount owing to Claimant by W&T with respect to the furnishing of the foregoing Work. The principal amount currently owing to Claimant for this Work is **\$966,329.50**. Claimant claims a lien against the Well and the Leasehold Estate, and the property appurtenant to the Well and the Leasehold Estate, all to the extent provided in the mechanic's lien statutes of the State of Alabama, Code of Alabama §§ 35-11-210 et seq. (the "Lien Statute").
