Dear Ms. Athanites:

Your letter dated December 9, 2020, requesting cancellation of liability of Outer Continental Shelf (OCS) Pipeline Right-of-Way Grant Bond No. 103534861, in the amount of \$300,000, was received by our office on that same date. This bond was executed on January 26, 2001, with Centana Gathering, LLC as principal and Travelers Casualty and Surety Company of America as surety. The bond was conditioned to cover the principal's pipeline operations in the Gulf of Mexico,

Pursuant to 30 CFR 556.906 (d)(1) your bond may be cancelled seven years after the termination of the lease, six years after completion of all bonded obligations, or at the conclusion of any appeals or litigation related to your bonded obligation, whichever is the latest.

The Bureau of Ocean Energy Management has no objection to cancellation of the above bond. Therefore, Bond No. 103534861 is considered cancelled without residual liability, effective January 5, 2021, the date of final concurrence with such cancellation.

If you require further assistance, please contact Kathleen Lee at (504) 736-5774 or [boemgomrfinancialassurance@boem.gov](mailto:boemgomrfinancialassurance@boem.gov).
