LEASE FORMS TRANSMITTED FOR EXECUTION

Pursuant to Section 8 of the Outer Continental Shelf Lands Act (67 Stat. 462; 43 U.S.C. 1337) as amended (92 Stat. 629), and the regulations pertaining thereto (30 CFR 256), your bid for the above block is accepted. Accordingly, in order to perfect your rights hereunder, the following action must be taken:

☐ 1. Execute and return the three copies of attached lease. (If lease is executed by an agent, evidence must be furnished of agent’s authorization.)

☐ 2. Pay the balance of bonus and the first year’s rental indicated above in accordance with the attached Instructions for Electronic Funds Transfer. Payment must be received by the Federal Reserve Bank of New York no later than noon, eastern standard time, on the 11th business day after receipt of this decision (30 CFR 256.47). That day is JUN 25 1985

☐ 3. Comply with bonding requirements according to 30 CFR 256, Subpart I.

☐ 4. Comply with the affirmative action/compliance program requirements of 41 CFR section 60-1.40 within 120 days of the effective date of the lease.

Compliance with requirements 1, 2, and 3 above must be made not later than the 11th business day after receipt of this decision. Failure to comply will result in forfeiture of the 1/5 bonus deposit and your rights to acquire the lease.

IMPORTANT: The lease form requires the attachment of the CORPORATE SEAL to all leases executed by corporations.

This lease is effective as of (hereinafter called the “Effective Date”) and shall continue for an initial period of ten years (hereinafter called the “Initial Period”), by and between the United States of America (hereinafter called the “Lessor”), by the Regional Director, Gulf of Mexico OCS Region

Exxon Corporation 55%
Elf Aquitaine, Inc. 25%
Texas Gas Exploration Corporation 20%

Exxon Corporation
Elf Aquitaine, Inc.
Texas Gas Exploration Corporation

In consideration of any cash payment heretofore made by the Lessee to the Lessor and in consideration of the promises, terms, conditions, and covenants contained herein, including the stipulations numbered attached hereto, the Lessor and Lessee agree as follows:

Sec. 1. Statutes and Regulations. This lease is issued pursuant to the Outer Continental Shelf Lands Act of August 7, 1953, 67 Stat. 462, 43 U.S.C. 1331 et seq., as amended (92 Stat. 629), (hereinafter called the “Act”). The lease is issued subject to the Act; all regulations issued pursuant to the statute and in existence upon the Effective Date of this lease, all regulations issued pursuant to the statute in the future which provide for the prevention of waste and the conservation of the natural resources of the Outer Continental Shelf, and the protection of correlative rights therein; and all other applicable statutes and regulations.

Sec. 2. Rights of Lessee. The Lessor hereby grants and leases to the Lessee the exclusive right and privilege to drill for, develop, and produce oil and gas resources, except helium gas, in the submerged lands of the Outer Continental Shelf containing approximately 5760 hectares (hereinafter referred to as the “leased area”), described as follows:

All of Block 408, Atwater Valley, OCS Official Protraction Diagram, NG 16-1.
These rights include:

(a) the nonexclusive right to conduct within the leased area geological and geophysical explorations in accordance with applicable regulations;

(b) the nonexclusive right to drill water wells within the leased area, unless the water is part of geopressured-geothermal and associated resources, and to use the water produced; therefrom for operations pursuant to the Act free of cost, on the condition that the drilling is conducted in accordance with procedures approved by the Director of the Minerals Management Service or the Director's delegate (hereinafter called the “Director”), and

(c) the right to construct or erect and to maintain within the leased area artificial islands, installations, and other devices permanently or temporarily attached to the seabed and other works and structures necessary to the full enjoyment of the lease, subject to compliance with applicable laws and regulations.

Sec. 3. Term. This lease shall continue from the Effective Date of the lease for the Initial Period and so long thereafter as oil or gas is produced from the leased area in paying quantities, or drilling or well reworking operations, as approved by the Lessor, are conducted thereon.

Sec. 4. Rents. The Lessee shall pay the Lessor, on or before the first day of each lease year which commences prior to a discovery in paying quantities of oil or gas on the leased area, a rental as shown on the face hereof.

Sec. 5. Minimum Royalty. The Lessee shall pay the Lessor at the expiration of each lease year which commences after a discovery of oil and gas in paying quantities, a minimum royalty as shown on the face hereof, or, if there is production, the difference between the actual royalty required to be paid with respect to such lease year and the prescribed minimum royalty, if the actual royalty paid is less than the minimum royalty.

Sec. 6. Royalty on Production. (a) The Lessee shall pay a fixed royalty as shown on the face hereof in amount or value of production sav- ed, removed, or sold from the leased area. Gas of all kinds (except helium) is subject to royalty. The Lessor shall determine whether production royalty shall be paid in amount or value.

(b) The value of production for purposes of computing royalty on production from this lease shall never be less than the fair market value of the production. The value of production shall be the estimated reasonable value of the production as determined by the Lessor, due consideration being given to the highest price paid for a part or for a majority of production of like quality in the same field or area, to the price received by the Lessee, to posted prices, to regulated prices, and to other relevant matters. Except when the Lessor, in its discretion, determines not to consider special pricing relief from otherwise applicable Federal regulatory requirements, the value of production for the purposes of computing royalty shall not be deemed to be less than the gross proceeds accruing to the Lessee from the sale thereof. In the absence of good reason to the contrary, value computed on the basis of the highest price paid or offered at the time of production in a fair and open market for the major portion of like-quality products produced and sold from the field or area where the leased area is situated, will be considered to be a reasonable value.

(c) When paid in value, royalties on production shall be due and payable monthly on the last day of the month next following the month in which the production is obtained, unless the Lessor designates a later time. When paid in amount, such royalties shall be delivered at pipeline connections or in tanks provided by the Lessee. Such deliveries shall be made at reasonable times and intervals and, at the Lessor's option, shall be effected either (i) on or immediately adjacent to the leased area, without cost to the Lessor, or (ii) at a more convenient point closer to shore or on shore, in which event the Lessee shall be entitled to reimbursement for the reasonable cost of transporting the royalty substance to such delivery point. The Lessee shall not be required to provide storage for royalty paid in amount in excess of tankage required when royalty is paid in value. When royalties are paid in amount, the Lessee shall be held liable for the loss or destruction of royalty oil or other liquid products in storage from causes over which the Lessee has no control.

Sec. 7. Payments. The Lessee shall make all payments to the Lessor by check, bank draft, or money order unless otherwise provided by regulations or by direction of the Lessor. Rentals, royalties, and any other payments required by this lease shall be made payable to the Minerals Management Service and tendered to the Director.

Sec. 8. Bonds. The Lessee shall maintain at all times the bond(s) required by regulation prior to the issuance of the lease and shall furnish such additional security as may be required by the Lessor if, after operations have begun, the Lessee deems such additional security to be necessary.

Sec. 9. Plans. Th- Lessee shall conduct all operations on the leased area in accordance with approved exploration plans, and approved development and production plans as are required by regulations. The Lessee may depart from an approved plan, as provided by applicable regulations.

Sec. 10. Performance. The Lessee shall comply with all regulations and orders relating to exploration, development, and production. After due notice in writing, the Lessee shall drill such wells and produce at such rates as the Lessor may require in order that the leased area or any part thereof may be properly and timely developed and produced in accordance with sound operating principles.

Sec. 11. Directional Drilling. A directional well drilled under the leased area from a surface location on nearby land not covered by this lease shall be deemed to have the same effect for all purposes of the lease as a well drilled from a surface location on the leased area. In those circumstances, drilling shall be considered to have commenced on the leased area when drilling is commenced on the nearby land for the purpose of directionally drilling under the leased area, and production of oil or gas from the leased area through any directional well surfaced on nearby land or drilling or reworking of any such directional well shall be considered production or drilling or reworking operations on the leased area for all purposes of the lease. Nothing contained in this Section shall be construed as granting to the Lessee any interest, license, easement, or other right in any nearby land.
Sec. 12. Safety Requirements. The Lessee shall (a) maintain all places of employment within the leased area in compliance with occupational safety and health standards and, in addition, free from recognized hazards to employees of the Lessee or of any contractor or subcontractor operating within the leased area; (b) maintain all operations within the leased area in compliance with regulations intended to protect persons, property, and the environment on the Outer Continental Shelf; and (c) allow prompt access, at the site of any operation subject to safety regulations, to any authorized Federal inspector and shall provide any documents and records which are pertinent to occupational or public health, safety, or environmental protection as may be requested.

Sec. 13. Suspension and Cancellation. (a) The Lessor may suspend or cancel this lease pursuant to Section 5 of the Act and compensation shall be paid when provided by the Act.

(b) The Lessor may, upon recommendation of the Secretary of Defense, during a state of war or national emergency declared by Congress or the President of the United States, suspend operations under the lease, as provided in Section 12(c) of the Act, and just compensation shall be paid to the Lessee for such suspension.

Sec. 14. Indemnification. The Lessee shall indemnify the Lessor for, and hold it harmless from, any claim, including claims for loss or damage to property or injury to persons caused by or resulting from any operation on the leased area conducted by or on behalf of the Lessee. However, the Lessee shall not be held responsible to the Lessor under this section for any loss, damage, or injury caused by or resulting from:

(a) negligence of the Lessor other than the commission or omission of a discretionary function or duty on the part of a Federal agency; or

(b) the Lessor's compliance with an order or directive of the Lessor against which an administrative appeal by the Lessee is filed before the basis of the lease arises and is pursued diligently thereafter.

Sec. 15. Disposition of Production. (a) As provided in Section 27(a)(2) of the Act, the Lessee shall have the right to purchase not more than 16-2/3 percent by volume of the oil and gas produced pursuant to the lease at the regulated price or no regulated price applies, at the fair market value at the wellhead of the oil and gas removed, or sold, except that any oil or gas obtained by the Lessee as royalty or net profit share shall be credited against the amount that may be purchased under this subsection.

(b) As provided in Section 27(d) of the Act, the Lessee shall take any Federal oil or gas for which no acceptable bids are received, as determined by the Lessor, and which is not transferred to a Federal agency pursuant to Section 27(a)(2) of the Act, and shall pay to the Lessee a cash amount equal to the regulated price, or if no regulated price applies, the fair market value of the oil or gas so obtained.

(c) As provided in Section 8(b)(7) of the Act, the Lessee shall offer 20 percent of the crude oil, condensate, and natural gas liquids produced on the lease, at the market value and point of delivery as provided by regulations applicable to Federal royalty oil, to small or independent refiners as defined in the Emergency Petroleum Allocation Act of 1973.

(d) In time of war, or when the President of the United States shall so prescribe, the Lessor shall have the right of first refusal to purchase at the market price all or any portion of the oil or gas produced from the leased area, as provided in Section 12(b) of the Act.

Sec. 16. Unitization, Pooling, and Drilling Agreements. Within such time as the Lessee may prescribe, the Lessee shall subscribe to and operate under a unit, pooling, or drilling agreement embracing all or part of the lands subject to this lease as the Lessee may determine to be appropriate or necessary. Where any provision of a unit, pooling, or drilling agreement, approved by the Lessor, is inconsistent with a provision of this lease, the provision of the agreement shall govern.
Sec. 21. Surrender of Lease. The Lessee may surrender this entire lease or any officially designated subdivision of the leased area by filing with the appropriate field office of the Minerals Management Service a written relinquishment, in triplicate, which shall be effective as of the date of filing. No surrender of this lease or of any portion of the leased area shall relieve the Lessee or its surety of the obligation to pay all accrued rentals, royalties, and other financial obligations or to abandon all wells on the area to be surrendered in a manner satisfactory to the Director.

Sec. 22. Removal of Property on Termination of Lease. Within a period of one year after termination of this lease in whole or in part, the Lessee shall remove all devices, works, and structures from the premises no longer subject to the lease in accordance with applicable regulations and orders of the Director. However, the Lessee may, with the approval of the Director, continue to maintain devices, works, and structures on the leased area for drilling or producing on other leases.

Sec. 23. Remedies in Case of Default. (a) Whenever the Lessee fails to comply with any of the provisions of the Act, the regulations issued pursuant to the Act, or the terms of this lease, the lease shall be subject to cancellation in accordance with the provisions of Section 5(c) and (d) of the Act and the Lessor may exercise any other remedies which the Lessor may have, including the penalty provisions of Section 24 of the Act. Furthermore, pursuant to Section 8(c) of the Act, the Lessor may cancel the lease if it is obtained by fraud or misrepresentation.

(b) Nonenforcement by the Lessor of a remedy for any particular violation of the provisions of the Act, the regulations issued pursuant to the Act, or the terms of this lease shall not prevent the cancellation of this lease or the exercise of any other remedies under paragraph (a) of this section for any other violation or for the same violation occurring at any other time.

Sec. 24. Unlawful Interest. No member of, or Delegate to, Congress, or Resident Commissioner, after election or appointment, or either before or after they have qualified, and during their continuance in office, and no officer, agent, or employee of the Department of the Interior, except as provided in 43 CFR Part 7, shall be admitted to any share or part in this lease or derive any benefit that may arise therefrom. The provisions of Section 3741 of the Revised Statutes, as amended, 41 U.S.C. 22, and the Act of June 25, 1948, 62 Stat. 702, as amended, 18 U.S.C. 431–433, relating to contracts made or entered into, or accepted by or on behalf of the United States, form a part of this lease so far as they may be applicable.

STIPULATION NO. 1 - CULTURAL RESOURCES

(a) "Cultural resource" means any site, structure, or object of historic or prehistoric archaeological significance. "Operations" means any drilling, mining, or construction or placement of any structure for exploration, development, or production of the lease.

(b) If the Regional Director (RD) believes a cultural resource may exist in the lease area, the RD will notify the lessee in writing. The lessee shall then comply with subparagraphs (1) through (3).

1. Prior to commencing any operations, the lessee shall prepare a report, as specified by the RD, to determine the potential existence of any cultural resource that may be affected by operations. The report, prepared by an archaeologist and geophysicist, shall be based on an assessment of data from remote-sensing surveys and other pertinent cultural and environmental information. The lessee shall submit this report to the RD for review.

2. If the evidence suggests that a cultural resource may be present, the lessee shall either:

   (i) Locate the site of any operation so as not to adversely affect the area where the cultural resource may be; or

   (ii) Establish to the satisfaction of the RD that a cultural resource does not exist or will not be adversely affected by operations. This shall be done by further archaeological investigation conducted by an archaeologist and a geophysicist, using survey equipment and techniques deemed necessary by the RD. A report on the investigation shall be submitted to the RD for review.

3. If the RD determines that a cultural resource is likely to be present on the lease and may be adversely affected by operations, the RD will notify the lessee immediately. The lessee shall take no action that may adversely affect the cultural resource until the RD has told the lessee how to protect it.

(c) If the lessee discovers any cultural resource while conducting operations on the lease area, the lessee shall report the discovery immediately to the RD. The lessee shall make every reasonable effort to preserve the cultural resource until the RD has told the lessee how to protect it.

Side-Scan and Magnetometer Deep-water Waiver Request

Mr. Jack Hendricks
District Supervisor
Metairie District (DO-5)
Minerals Management Service
3301 North Causeway Blvd.
P. O. Box 7966
Metairie, Louisiana 70010

Dear Mr. Hendricks:

A geophysical contractor, working on the behalf of Exxon Company, U.S.A., will soon begin a shallow hazards survey over the following blocks:

- Atwater Valley Block 408
- Mississippi Canyon Blocks 282, 755, 940, and 941

Due to water depths ranging between 1800 and 5900 feet in these areas and the operational limitations of the side-scan sonar and magnetometer systems, Exxon is hereby requesting a deep-water waiver for side-scan and magnetometer data acquisition over the aforementioned lease blocks. Accordingly, we would appreciate your consideration of this waiver.

If agreeable, please indicate in the space below.

Sincerely,

J. E. Corthay
Geophysical Operations
(713) 591-5163

JEC:dmc

Agreed and accepted this 9th day of August 1985.

By: Jack Hendricks
Minerals Management Service

Date: August 9, 1985
DESIGNATION OF OPERATOR

The undersigned is, on the records of the Minerals Management Service, holder of lease:

DISTRICT LAND OFFICE: Metairie, Louisiana
SERIAL NO.: OCS-G-8026

and hereby designates

NAME: Exxon Corporation
ADDRESS: P. O. Box 4279
Houston, Texas 77210-4279

as his operator and local agent, with full authority to act in his behalf in complying with the terms of the lease and regulations applicable thereto and on whom the supervisor or his representative may serve written or oral instructions in securing compliance with the Operating Regulations with respect to (describe acreage to which this designation is applicable):

All of Block 408, Atwater Valley,
OCS Official Protraction Diagram, NG 16-

It is understood that this designation of operator does not relieve the lessee of responsibility for compliance with the terms of the lease and the Operating Regulations. It is also understood that this designation of operator does not constitute an assignment of any interest in the lease.

In case of default on the part of the designated operator, the lessee will make full and prompt compliance with all regulations, lease terms, or orders of the Secretary of the Interior or his representative.

The lessee agrees promptly to notify the supervisor of any change in the designated operator.

TEXAS GAS EXPLORATION CORPORATION

It is understood that this designation of operator does not relieve the lessee of responsibility for compliance with the terms of the lease and the Operating Regulations. It is also understood that this designation of operator does not constitute an assignment of any interest in the lease.

In case of default on the part of the designated operator, the lessee will make full and prompt compliance with all regulations, lease terms, or orders of the Secretary of the Interior or his representative.

The lessee agrees promptly to notify the supervisor of any change in the designated operator.

AMOCO PRODUCTION COMPANY

[Signature]

Attn.: In-Fact
P. O. Box 50679
New Orleans, Louisiana 70119

November 5, 1995
(Date)
A current change of name has been received from Texas Gas Exploration Corporation to CSX Oil & Gas Corporation effective October 1, 1986.

In connection with this change, the following evidence was received:

1. Certification reflecting that the Article of Amendment to the Articles of Incorporation of Texas Gas Exploration Corporation annexed thereto is a full, true and correct copy, duly executed by Jim Brown, Secretary of State of the State of Louisiana, on October 1, 1986, with additional certification by D. L. Rogers, Assistant Secretary of CSX Oil & Gas Corporation, on October 1, 1986;

2. Certificate reflecting that a copy of an Amendment to the Articles of Incorporation of Texas Gas Exploration Corporation changing the corporate name to CSX Oil & Gas Corporation was recorded and filed on October 1, 1986, the date the Amendment became effective, duly executed by Jim Brown, Secretary of State of the State of Louisiana, on October 1, 1986;

3. Certificate reflecting, among other things, that the corporation's name was changed to CSX Oil & Gas Corporation on October 1, 1986, duly executed by Dan L. Rogers, Assistant Secretary of CSX Oil & Gas Corporation, on October 20, 1986.

4. Statement of CSX Oil & Gas Corporation duly executed by D. L. Rogers, Assistant Secretary of the corporation, on October 1, 1986, reflecting the following:

POSTED - WINSTEAD
CSX Oil & Gas Corporation

A. CSX Oil & Gas Corporation is incorporated in the State of Louisiana;

B. CSX Oil & Gas Corporation is authorized to hold oil and gas leases on the Outer Continental Shelf;

5. Certificate listing the officers as well as their authority to bind CSX Oil & Gas Corporation, duly executed by Dan L. Rogers, Assistant Secretary of the corporation, on October 29, 1986;

6. Name Change Endorsement/Rider to be attached to and form part of OCS Mineral Lessee's and Operator's Bond Number 3112, charging the name of the principal from Texas Gas Exploration Corporation to CSX Oil & Gas Corporation, effective October 1, 1986;

7. Listing of the oil and gas leases to be affected by the change in corporate name.

In view of the evidence submitted, the change of ownership to the oil and gas leases listed below is recognized and the records so noted.

TOTAL MINATOME CORPORATION

ACCEPTANCE OF MERGER

On June 29, 1988, there was filed in this office for approval evidence of merger of CSX Oil & Gas Corporation, a Louisiana corporation (N. O. Misc. No. 070), with and into TOTAL Minatome Corporation, a Delaware corporation, (N. O. Misc. No. 898), effective April 27, 1988. The name of the surviving corporation is TOTAL MINATOME CORPORATION (N. O. Misc. No. 898).

In connection with this merger, the following evidence was received:

1. Certificate of Ownership and Merger merging CSX Oil & Gas Corporation into TOTAL MINATOME CORPORATION, duly certified by the Secretary of State of the State of Delaware on April 28, 1988, with additional certification by J. Kirby Barry, Assistant Secretary of TOTAL MINATOME CORPORATION on April 29, 1988;

2. Certificate reflecting that TOTAL MINATOME CORPORATION is incorporated under the laws of the State of Delaware and that it is authorized to hold mineral leases and rights-of-way on the Outer Continental Shelf, duly executed by J. Kirby Barry, Assistant Secretary of the corporation, on April 29, 1988;

3. Copy of the resolution adopted by the Board of Directors of TOTAL MINATOME CORPORATION on December 14, 1987, duly certified by J. Kirby Barry, Assistant Secretary of the corporation, on April 29, 1988;

4. Incumbency Certificate listing the officers of TOTAL MINATOME CORPORATION, duly executed by J. Kirby Barry, Assistant Secretary of the corporation, on April 29, 1988;

5. Listing of the oil and gas leases and pipeline right-of-way to be affected by the merger.

Since the transfer and vesting of property rights in the surviving corporation have been effected by State statute by operation of law and not by individual conveyances, the merger is hereby approved insofar as it affects leases under 30 CFR 256 and pipeline rights-of-way under 30 CFR 250. The change in ownership as to the oil and gas leases and pipeline right-of-way listed below is recognized and the records so noted:

OPERATING RIGHTS

As a result of the merger of CSX Oil & Gas Corporation with and into TOTAL MINATOME CORPORATION, TOTAL MINATOME CORPORATION now owns OPERATING RIGHTS in the following oil and gas lease:

OCS-G NO.

3950

BEST AVAILABLE COPY
The lessee identified below is, on the records of the Minerals Management Service, a leaseholder of:

Lease Number: OCS-G 8026
Regional Office: New Orleans, Louisiana

and hereby designates

Name: Exxon Corporation
Address: P. O. Box 4279
Houston, Texas 77210-4279

as his operator and local agent, with full authority to act in his behalf in complying with the terms of the lease and regulations applicable thereto and on whom the Regional Director or his representative may serve written or oral instructions in securing compliance with the Operating Regulations with respect to (describe block or aliquot portion to which this designation is applicable):

All of Block 408, Atwater Valley, OCS Official Protraction
Diagram, NG 16-1

It is understood that this designation of operator does not relieve the lessee of responsibility for compliance with the terms of the lease, laws, regulations, and Outer Continental Shelf Orders applicable to the area. It is also understood that this designation of operator does not constitute an assignment of any interest in the lease.

In case of default on the part of the designated operator, the lessee will make full and prompt compliance with all regulations, lease terms, or orders of the Secretary of the Interior or his representative.

The lessee agrees to notify the Regional Director promptly of any change in the designated operator.
