Ms. Melissa Guidry  
Fieldwood Energy LLC  
2000 W. Sam Houston Pkwy. South  
Suite 1200  
Houston, Texas 77042

Dear Ms. Guidry,

Reference is made to the following plan:

Control No.	N-10008
Type	Initial Development Operations Coordination Document
Received	February 21, 2018, amended September 12, 17, 26 and October 5, 2018
Lease(s)	OCS-G 01520, Block 204, Ship Shoal Area (SS) OCS-G 35948, Block 205, Ship Shoal Area (SS)

You are hereby notified that the approval of the subject plan has been granted as of February 8, 2019, in accordance with 30 CFR 550.270(b)(1).

This approval includes the activities proposed for Wells A and B in SS Block 205 and the revision of air emissions for Platform A (Complex ID 20630) in SS Block 204.

In accordance with 30 CFR 556.901(d), additional security may be required for your proposed activities. Prior to conducting activities in which you need to obtain approvals and/or permits described in 30 CFR 550.281(a) from the appropriate District Manager or BSEE Regional Supervisor, you must contact BOEM Risk Management Operations Group by email at [boemrmog@boem.gov](mailto:boemrmog@boem.gov) to determine if additional security is required and comply with any demand for this security.

In response to the request accompanying your plan for a hydrogen sulfide (H<sub>2</sub>S) classification, the area in which the proposed drilling operations are to be conducted is hereby classified, in accordance with 30 CFR 250.490(c), as "H<sub>2</sub>S absent."

Our review indicates that there are pipelines in the vicinity of Platform A that may pose a hazard to your proposed operations. Therefore, take precautions in accordance with Notice to Lessees and Operators No. 2008-G05, Section VI.B, prior to performing operations.

You must comply with the following species protective measures in all activities conducted pursuant to the plan:

- BOEM Notice to Lessees and Operators (NTL) No. 2016-G01, "Vessel Strike Avoidance and Injured/Dead Protected Species Reporting" (available at <http://www.boem.gov/BOEM-NTL-No-2016-G01>);
- BOEM NTL No. 2016-G02, "Implementation of Seismic Survey Mitigation Measures and Protected Species Observer Program" (available at <http://www.boem.gov/BOEM-NTL-2016-G02>); and
- BSEE NTL No. 2015-G03, "Marine Trash and Debris Awareness and Elimination" (available at <https://www.bsee.gov/sites/bsee.gov/files/notices-to-lessees-ntl/alerts/ntl-2015-g03.pdf>).

These measures are designed to promote environmental protection, consistent environmental policy, compliance with environmental laws, and safety.

If you have any questions or comments concerning this approval, please contact Michelle Evans at (504)736-2975.

Sincerely,

**MICHELLE  
PICOU**
