Mr. Ben Marchive  
M21K, LLC  
1021 Main, Suite 2626  
Houston, Texas 77002

Dear Mr. Marchive:

This letter is in reference to M21K, LLC's (M21K) Right-of-way (ROW) No. OCS-G 25378, Pipeline Segment Number (PSN) 14598, regarding the status of the ROW grant.

Our records indicate PSN 14598 ceased to transport product on August 24, 2017, and that we have not received a cessation of operations request or a return to service notification prior to November 24, 2017. Therefore, pursuant to CFR 250.1014, ROW OCS-G 25378 is deemed expired November 24, 2017, due to the pipeline not being used for the purpose which the ROW grant was issued, which was to transport product.

In accordance with 30 CFR 250.1010(h), M21K must remove the associated pipelines, valves, and taps within one year of ROW grant relinquishment or forfeiture (i.e. expiration). An application must be submitted to this office to decommission PSN 14598 within 30 days from the date of this letter in accordance with 30 CFR 250.1750 thru 250.1754.

M21K is further advised that an application may be submitted to reestablish the ROW grant in accordance with 30 CFR 250.1007. If it is the intention of M21K to request a new ROW grant, the necessary application must be submitted within 30 days from the date of this letter.

Sincerely,

(for) Bryan A. Domangue  
Acting Regional Supervisor  
Regional Field Operations
