Attn: Angie Gobert  
Pipeline Unit Chief

RE: Existing 10-Inch Gas Right-of-Way Pipeline Segment No. 19050, ROW  
OCS-G 29226, Originating at High Island Block 176, A Platform and  
Terminating at High Island Block 140, 24" SSTI, OCS Federal Waters,  
Gulf of Mexico, Offshore, Texas

Ladies and Gentlemen:

Please be advised Hoactzin Partners, L.P. (Hoactzin) placed the subject pipeline out-of-service on January 15, 2018.

Hoactzin understands the right-of-way grant has expired.

Hoactzin respectfully requests a departure through October 31, 2020, from 30 CFR 250.1006(b)(1)(2) to flush and fill pipeline segment no. 19050 originating at High Island Block 176, A Platform and terminating at High Island Block 176, A Platform. Hoactzin will conduct the decommissioning activities at that time.

Should you have any questions or require additional information, please contact Courtney Feik, J. Connor Consulting, Inc., at (281) 578-3388 or [courtney.feik@jccteam.com](mailto:courtney.feik@jccteam.com).

Sincerely,

Peter E. Salas  
President of Dolphin Advisors (Hoactzin), LLC  
Managing Partner of Hoactzin Partners, L.P.

PES:cf

Departure is hereby approved pursuant to 30 CFR 250.141.

Date: 6/5/2019

Pipeline shall not be returned to service

  
Bryan A. Domangue  
Acting Regional Supervisor  
Bureau of Safety and Environmental Enforcement
