Dear Ms. Powell:

By letter dated April 10, 2017, Enven Energy Ventures, LLC (Enven) requests a Suspension of Production (SOP) for Lease OCS-G 33088, South Marsh Island Block 166. This lease was held by an SOP through April 30, 2017.

Production from Lease OCS-G 33088 ceased on June 26, 2016. Enven plans to restore production in Lease OCS-G 33088, Well A007 ST01 through an up-hole recompletion utilizing a hydraulic workover unit. Enven's latest decision is to install temporary living quarters on the surface facility to support the proposed workover operations rather than provide crew living quarters off of a boat. Production is expected to resume by July 31, 2017.

An SOP for Lease OCS-G 33088 is hereby approved, pursuant to 30 CFR 250.174(a), from May 1 through June 30, 2017. Enven, or any subsequent operator, is expected to follow the enclosed activity schedule and must notify this office in writing (progress report) by the end of each month that a deadline is scheduled. If you have any questions regarding this matter, contact Mr. Andrew Cambus at (504) 736-5775 or Andrew.Cambus@bsee.gov.

Sincerely,

(Org. Signed) Richie D. Baud
