Ms. Cheryl Powell  
EnVen Energy Ventures, LLC  
333 Clay Street, Suite 4200  
Houston, Texas 77002

Dear Ms. Powell:

By letter dated October 20, 2017, revised January 24 and 25, 2018, and e-mails dated November 2, 2017, through January 29, 2018, EnVen Energy Ventures, LLC (EnVen) requests a Suspension of Production (SOP) for Lease OCS-G 32112, West Cameron Block 265, previously operated by Tarpon Operating & Development, L.L.C. (Tarpon). This lease was held by an SOP through October 31, 2017.

Well B001 was drilled from a West Cameron Block 265 surface location to a bottomhole location in Lease OCS-G 32113, West Cameron Block 266. This well targets reservoirs in both lease blocks. The present downhole Well B001 completion is in Lease OCS-G 32113. Tarpon had recompleted Well B001 into both the reservoir gas cap and oil-leg in Lease OCS-G 32113. EnVen expects to commence production from an uphole completion in Lease OCS-G 32112 when the producing reservoir depletes both its oil and gas reserves.

An SOP for Lease OCS-G 32112 is hereby approved, pursuant to 30 CFR 250.174(a), from November 1, 2017, through October 31, 2018. EnVen, or any subsequent operator, is expected to follow the enclosed activity schedule and must notify this office in writing (progress report) by the end of each month that a deadline is scheduled. If you have any questions regarding this matter, contact Mr. Daniel Dauterive at (504) 736-2906 or [daniel.Dauterive@bsee.gov](mailto:daniel.Dauterive@bsee.gov).

Sincerely,

(Org. Signed) Richie D. Baud
