Dear Ms. Ferguson:

By letter dated April 17, 2018, amended July 19, 2018, Fieldwood Energy LLC (Fieldwood) requests a Suspension of Production (SOP) for Lease OCS-G 15312, Ship Shoal Block 354. This lease was held by an SOP through April 30, 2018.

Production from Lease OCS-G 15312 ceased on October 4, 2015, when the pipeline operator suspended all flow to the Southeast Louisiana Offshore Lateral (SELA) System due to a fire at the onshore facility. The pipeline operator has elected to repair the onshore facility to re-establish gas and injected condensate production to the SELA System from the injection operators.

An SOP for Lease OCS-G 15312 is hereby approved, pursuant to 30 CFR 250.174(b), from May 1 through August 31, 2018. Fieldwood, or any subsequent operator must notify this office in writing upon commencement of production. If you have any questions regarding this matter, contact Mr. Andrew Cambus at (504) 736-5775 or Andrew.Cambus @bsee.gov.

Sincerely,
