Dear Ms. Deady:

By letter dated March 19, 2018, amended July 20, 2018, Arena Offshore, LP (Arena) requests Suspensions of Production (SOPs) for Leases OCS-G 24883, 2601, and 2895, Eugene Island Blocks 38, 57, and 58, respectively, herein referred to as "the Leases". The Leases were held by SOPs through April 30, 2018.

Production from the Leases ceased on October 25, 2016, when the pipeline operator issued a critical notice suspending all flow to the Southeast Louisiana Offshore Lateral (SELA) System. The pipeline operator subsequently issued another critical notice that effective November 21, 2016, only dry gas would be allowed to flow into the SELA. The pipeline operator has elected to repair the onshore facility to re-establish gas and injected condensate production to the SELA System from the injection lease operators.

SOPs for the Leases are hereby approved, pursuant to 30 CFR 250.174(b), from May 1 through August 31, 2018. Arena, or any subsequent operator must notify this office in writing upon commencement of production. If you have any questions regarding this matter, contact Mr. Andrew Cambus at (504) 736-5775 or [Andrew.Cambus@bsee.gov](mailto:Andrew.Cambus@bsee.gov).

Sincerely,

**(Org. Signed) Troy J. Guidry**
