Houston, Texas 77042

Dear Ms. Medrano:

By letter dated December 17, 2018, and amended letters dated December 20, 2018, and February 6, 2019, Fieldwood Energy Offshore LLC (Fieldwood) requests a Suspension of Production (SOP) for Lease OCS-G 15277, Ship Shoal (SS) Block 79. Additional information was provided via emails dated January 8 through April 1, 2019. This lease was held by prior production, pursuant to 30 CFR 250.180, through December 24, 2018.

Production from Lease OCS-G 15277 ceased due to insufficient gas supply at the SS Block 80 host facility that is required to maintain production from Lease OCS-G 15277, Well A002D, Completion D02 (short string). The interruption of the supply of gas to the host facility began in October 2017 when Well A002, Completion D06 (long string) watered out and ceased production. Fieldwood plans to commence recompleting Well A002 in June 2019 and resume production by the end of July 2019.

An SOP for Lease OCS-G 15277 is hereby approved, pursuant to 30 CFR 250.174(a), from December 25, 2018, through June 30, 2019. Fieldwood, or any subsequent operator, is expected to follow the enclosed activity schedule and must notify this office in writing (progress report) by the end of each month that a deadline is scheduled. If you have any questions regarding this matter, contact Ms. Rebecca Rich at (504) 736-7614 or Rebecca.Rich@bsee.gov.

Sincerely,
