Dear Mr. Vaughn:

By letter dated April 5, 2019, and supplemental email dated April 10, 2019, Fieldwood Energy LLC (Fieldwood) requests approval of a Suspension of Production (SOP) and a revised activity schedule for the Green Canyon (GC) Block 40 Unit, Agreement No. 754318002. The unit consists of Leases OCS-G 34537 and 34966, and portions of Leases OCS-G 34536, 34878, 34879, and 34880, and was held by an SOP through April 30, 2019.

Fieldwood awarded installation contracts in the third quarter of 2018. Fieldwood requests an SOP to allow time to modify the host facilities and tie back Lease OCS-G 34536, Well No. 1.

In accordance with Articles IX, XVI, and XVII of the Unit Agreement and 30 CFR 250.174(a), an SOP and a revised activity schedule for the GC Block 40 Unit are hereby approved from May 1, 2019, through February 29, 2020. Leases OCS-G 34878, 34879, and 34880 will be included in the unit SOP from May 1, 2019, through February 29, 2020. The primary term for Lease OCS-G 34537 continues through September 30, 2019, and will be included in the unit SOP from October 1, 2019, through February 29, 2020. This unit suspension excludes Leases OCS-G 34536 and 34966, since their primary terms extend beyond the expiration of the SOP. Fieldwood is expected to follow the enclosed SOP activity schedule and must notify this office in writing (progress report) by the end of each month in which a deadline is scheduled. If you have any questions, contact Mr. Imran Vahora at (504) 736-2664 or imran.vahora@bsee.gov.

Sincerely,
