Dear Ms. Montalvo:

By letter dated August 20, 2018, amended October 25 and November 29, 2018, and January 31 and April 3, 2019, and emails dated August 30, 2018, through May 16, 2019, Fieldwood Energy LLC (Fieldwood) requests a Suspension of Production (SOP) for Lease OCS-G 5169, Matagorda Island Block 518. This lease was held by prior production, pursuant to 30 CFR 250.180, through August 22, 2018.

Production ceased from Lease OCS-G 5169 on August 22, 2017, when a pipeline integrity issue was discovered on a downstream pipeline located in Texas state waters. Fieldwood plans to restore production to Lease OCS-G 5169 by repairing the downstream pipeline and flow production to Fieldwood's Bay City facility.

An SOP for Lease OCS-G 5169 is hereby approved, pursuant to 30 CFR 250.174(b), from August 23, 2018, through September 30, 2019. Fieldwood, or any subsequent operator, is expected to follow the enclosed activity schedule and must notify this office in writing (progress report) by the end of each month that a deadline is scheduled. If you have any questions regarding this matter, contact Ms. Lauren Woitha at (504) 736-2855 or [Lauren.Woitha@bsee.gov](mailto:Lauren.Woitha@bsee.gov).

Sincerely,
