Dear Mr. Rougeau:

By letter dated October 19, 2020, Sanare Energy Partners, LLC (Sanare) requests a Suspension of Production (SOP) for Lease OCS-G 21534 (the Lease), West Cameron Block 57. The Lease was held by an SOP through October 31, 2020.

Production from the Lease ceased on May 27, 2019, when Well No. 3 loaded up with fluids. Unanticipated delays related to permitting and hurricanes postponed the planned recompletion operation. Following repairs to the downstream processing facilities, Sanare will mobilize resources, perform a recompletion on Well No. 3, and restore production by February 28, 2021.

An SOP for Lease OCS-G 21534 is hereby approved, pursuant to 30 CFR 250.174(a), from November 1 through February 28, 2021. Sanare, or any subsequent operator, must notify this office in writing when production from the Lease resumes. If you have any questions regarding this matter, contact Mr. Wayne Everson at (504) 736-2606 or wayne.everson@bsee.gov.
