Statement of Qualifications

Church Energy Services Ltd. (Church Energy) is an established well control equipment manufacturer with multiple manufacturing facilities that provides engineering design, manufacturing, and aftermarket service of oilfield equipment. Over the years, our commitment to quality and customer service has driven our growth into an industry leader in the design, manufacturing, testing and certification of equipment for use in drilling, production, and well service operations.

Church Energy is licensed by the American Petroleum Institute (API) for the design and manufacture of products from the following Specifications:

1. **API SPECIFICATION 16A/ISO 13533:** Petroleum and Natural Gas Industries: Drilling and Production Equipment: Drill-Through Equipment
2. **API SPECIFICATION 6A/ISO 10423:** Petroleum and Natural Gas Industries: Drilling and Production Equipment: Wellhead and Christmas Tree Equipment
3. **API SPECIFICATION 16C:** Specification for Choke and Kill Systems
4. **API SPECIFICATION 16D:** Specification for Control Systems for Drilling Well Control Equipment and Control Systems for Diverter Equipment

All designs are made by Registered Professional Engineers with extensive experience in the design of blowout preventers and all facets of well control equipment.

Church Energy specializes in the remanufacture and certification of well control equipment such as:

1. Ram and Annular Blowout Preventers
2. Ram blocks, packers, etc.
3. Choke and Kill Manifolds
4. Gate Valves, drilling chokes
5. Surface and subsea control systems

A handwritten signature in blue ink that reads "R. M. Church, Jr." in a cursive style.

Richard M. Church, Jr. P.E.
Vice President of Engineering and Quality
